# GETTING STARTED WITH ARTICULATE STORYLINE

## A Hands-On eLearning Workshop by Tim Slade

### WORKSHOP OVERVIEW

Articulate Storyline is quickly becoming one of the most popular eLearning authoring tools available on the market today. Even if you're just starting to design and develop eLearning content, Articulate Storyline is a great tool new and experienced learning professionals alike.

In this hands-on eLearning workshop, you will learn everything you need to know to start building interactive eLearning courses Articulate Storyline. Starting with an exploration of the Articulate Storyline interface, you'll learn how to create a new eLearning project. From there, you'll explore how to add scenes and slides, how to add on-screen images and text, and how to create interactive content. In addition, you'll also learn how to create quiz questions, screen simulations, and how to publish your finished eLearning course.

### WHAT WILL YOU LEARN?

After attending this hands-on eLearning workshop, you'll learn how to:

- Create a new project.
- Add scenes and slides.
- Add and edit text, graphics, video, and audio.
- Animate content with entrance / exit animations and motion paths.
- Create object states and slide layers.
- Create interactions with triggers and variables.
- Create quiz questions.
- Create screen recordings and simulations.
- Customize the player.
- Publish a course.

### WHO SHOULD ATTEND?

This eLearning workshop has been designed for anyone who is brand new or just starting with Articulate Storyline 2, 3, or 360.

### EVERY WORKSHOP COMES WITH...

#### **Participant Workbooks**

Each participant will receive a workbook, containing useful information, practice activities, job aides, and other resources that will enhance the workshop experience.

#### **Hands-On Activities**

Each of my eLearning workshops have been designed to be as interactive and hands-on as possible. Each participant will learn by putting each concept into practice.

#### **Practice Files**

My eLearning workshops use practice files to help participants master each concept. Many of my examples are based off my real-life experiences working as an eLearning professional.

#### **Online Resources**

Each of my eLearning workshops comes with a dedicated online page, containing additional resources to continue the learning after the workshop experience has ended.

### FAQS

#### **How long is this workshop?**

I've designed this program to be a two-day, hands-on eLearning workshop; however, I can scale the workshop up or down to meet your needs.

#### **Do I need special software or hardware to attend?**

For this workshop, you'll need an internet-connected computer, with Articulate Storyline 2, 3, or 360 installed. It is also okay if you're using a trial version of Articulate Storyline.

#### **Can this workshop be delivered virtually?**

While this workshop can be adapted for virtual delivery, an in-person workshop offers the best learning experience.

#### **Can this workshop be customized for our unique needs?**

Within reason, I'm happy to customize any of my workshops to meet your needs.

#### **Do you offer special pricing for local ATD Chapters?**

Yes! I am happy to offer any of my workshops via a split-revenue model for local ATD Chapters.

#### **I have more questions. How can I contact you?**

If you have more questions or are ready to book a workshop, shoot me an email at [tim@timslade.com](mailto:tim@timslade.com).
